

Profile

Craymanor Ltd established in 1988 with the purpose to provide a quality service in creating home extensions and alterations and since has developed, not only as one of the area's leading home extension companies, but developed its in-house design department with traditional hand drawings and C.A.D. for Planning Permission and Building Regulation applications.

In 1988 the Company Director, David Phillips, was admitted to the Chartered Institute of Building (CIOB) and Craymanor attained Chartered status in both building and consultancy work. This status is a well earned privilege and is as a result of complete dedication to consistently providing quality projects which represent a good investment and value for money.

As a result of our consistent approach to building and construction, Craymanor now operates in a variety of areas. From home extensions to specialist requirements.

- **Party Wall Surveys**
- **Home Buyers Surveys**
- **Expert Witness Advice**

Conservatories

Conservatories provide flexible accommodation, they can bring the garden into the house, they offer an open, airy and bright alternative to extensions, whilst still adding value to your home. Carefully designed they can offer a fantastic addition to your home.

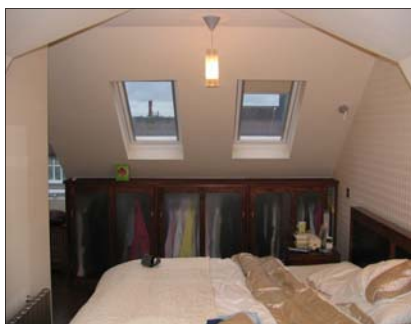

Extensions

With the ever increasing cost of moving home, extensions and loft conversions are a great way to enlarge your home, extensions will not only enlarge your home perhaps by creating a bedroom, dining room, bathroom or perhaps enlarging even the kitchen.

Loft Conversions

It is now extremely convenient and cost effective to convert the unused space in your loft.

Various types, designs and styles are available creating bedrooms, studies, bathrooms, teenage rooms, in fact a room for any use.

Commercial Projects

We carry out works for corporate clients, local authorities and surveying practices. The work is won by competitive tender or often negotiated tender for repetitive long standing clients.

Shown here are two projects that we have recently completed, the far left is The

Clock Tower at Hither Green Lane and on the left, Dartford MENCAP.
